

We are in the process of reviewing your application for financial assistance for the 2017-2018 academic year. You have indicated that you/your family had exceptional medical or dental expenses that were paid in 2015.

The following can be used to document your medical/dental expenses:

1. A copy of Schedule A of your 2015 federal 1040 tax return.
2. If you are unable to provide a Schedule A, itemized statements from doctors, dentists, hospitals, pharmacists, etc. would indicate the medical/dental expenses paid by you/your family in 2015.
3. The amount you paid for health insurance coverage in 2015 can also be included. Copies of paycheck stubs that show the amount taken out for health insurance or a statement from the insurance company showing the amount paid in 2015 can verify health insurance.

[YOU MUST TOTAL THE AMOUNT YOURSELF WITH DOCUMENTATION ATTACHED]

The following CANNOT be included in the financial aid calculation:

1. Medical expenses that were paid or reimbursed by insurance cannot be included.
2. Expenses incurred in 2015 that were not paid in 2015 cannot be included.
