## How to Register for Classes

We are excited to announce that we now offer online registration through MyVFCC (formerly VFWeb). In order to register for classes, you must have completed your admissions application, been accepted into VFCC, and have received your technology information sheet, specifically your user name and password.

To register:

1. Visit [my.vfcc.edu](http://my.vfcc.edu), use your assigned user name and password to log in.
2. Click on the tab labeled "Academics."
3. Scroll down to the text "Woodbridge Students Select Here for Important information" and click on the hyperlink.
4. In the box labeled "Academics," click on the link for pre-registration.
5. Select the "Course Search" option.
6. Change the term to "Spring 2011"
7. **Change the campus to "Woodbridge, VA Christ Chapel."**
8. Click search to view the entire semester course offerings.
9. Check the boxes in the "add" column next to the courses you wish to add. Once all are selected, click the "Add Courses" option at the bottom of the page.
10. Select the option that allows you to email a copy of your pre-registered courses to your advisor and select all advisors listed.

All courses that you choose will be entered into "Reserved" status. Once they are approved by your scheduling assistant, or advisor, the status will change to "Preregistered". You can make changes to your schedule whenever necessary up until the start of the semester. Once the semester has begun, all schedule changes must be conducted through the registrar's office.

Helpful Hints:

- Do not hit your browser's back button or refresh button while working in MyVFCC or you will get an error message.
- Make sure the classes you are selecting fit in your degree program. If you have any questions about which courses you need to take, please contact your advisor or request your advising sheet. Taking classes not in your degree program not only slows down the process of completing your degree, but financial aid recipients will only receive aid for courses taken within their degree program.
